

A Dysphagia Diagnosis Management Consultant

Tel: 1-866-675-MBSS or 281-272-MBSS
Fax: 1-877-676-MBSS or 281-272-6281

Who are we? We are a MOBILE GROUP MEDICAL PRACTICE performing dysphagia consultations including the modified barium swallow study at your facility.

We don't let Miss Piper drive the clinic, but she does great MBS's!

Piper Harris M.A., CCC-SLP has been providing this service for the last four years in the Houston area and has assumed a leadership role in this medical practice.

We have an on board, full-time, supervising M.D.

What makes us better than the others?

- 1. On board, full time, supervising M.D.** with MBSS experience. Each Physician has individual medical malpractice coverage.
- 2. Local MBSS team,** same Professional Imaging team for every MBSS.
- 3. 24 to 48 hour response/service 5 days a week.** Locally based company to serve you Monday through Friday. How long does it take you to get your MBS schedule with others?
- 4. Mobile MBSS program monitored and controlled by quality assurance on a monthly basis. We follow up on each and every patient we evaluate within 7-14 days.**
- 5. Mobile MBSS Program managed, created and owned by Speech Pathologists and Physicians.**
- 6. Educational MBSS audio/videotape** for all Professional Imaging customers.
- 7. We are available for Dysphagia in-service** for your facility at your request
- 8. We will be competitive with any rate for an MBSS**
- 9. NO EXCLUSIVE AGREEMENTS!** You should have freedom of choice
- 10. Satisfaction Surveys**
- 11. Quarterly CEU conferences** at reduced rates for all facilities using Professional Imaging, LLC.
- 12. Monthly Newsletters** to all Houston Speech Pathologists

- 13. Exceptionally detailed typed** Speech Pathologist and Physician evaluation report completed on site the day of MBSS and you receive the original copy with an **audio/videotape**. Treatment recommendations can be customized for E-Stim treatment. With Professional Imaging, LLC you get a Dysphagia consultation not just an MBSS
- 14.** Full time Houston based Speech Pathologist, Piper Harris, with over 3 years of experience and training in Modified Barium Swallow Studies.

Our Mobile MBSS program is managed and owned by speech pathologist, Piper Harris, and physician, Joan E. Baumer M.D. who care about you and your residents' quality of life.
